

At the request of many who attended last year's event, we are introducing a morning seminar with leading depression experts, who will focus on a specific aspect of depression. They will take questions after each lecture, giving you an opportunity to interact in a smaller, more intimate atmosphere. A final question and answer period will include additional psychiatrists and psychopharmacologists.

## A SCIENTIFIC SEMINAR TO ENLIGHTEN

### Lecture

Leading clinical psychiatrists will present the latest information about  
"Depression in Men"  
"Depression in Adolescents"

### Question and Answer Session

A panel of foremost psychiatrists will answer any question you've ever wanted to ask about depression!

## A LUNCHEON TO INSPIRE

### Master of Ceremonies

Felicia Taylor, CNN Correspondent

### Keynote Speaker

Terry Bradshaw, Super Bowl Champion  
"Overcoming Depression in the Spotlight"

### Medical Speakers

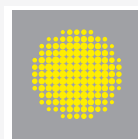

Dr. Steven Roose, Professor of Clinical Psychiatry  
Columbia University  
"Varying Symptoms and Effects of Depression, at All Ages"

Dr. Harold W. Koenigsberg, Professor of Psychiatry  
Mount Sinai School of Medicine, HDRF Board Member  
"Emerging Depression Treatments – Why Today's Are Not Enough"

## OUR MISSION

The mission of the Hope for Depression Research Foundation (HDRF) is to fund innovative, international scientific research into the origins, diagnosis, treatment and prevention of depression and related mood and other emotional disorders – major depressive disorder, bipolar disorder, dysthymia and complicated grief, postpartum depression, post-traumatic stress syndrome, panic disorder, social phobia, generalized anxiety disorder and suicide – with the ultimate goal of finding a cure.
