# HOPE DESIGNER SHOWCASE

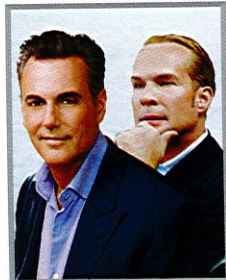

## at the PALM BEACH JEWELRY, ART & ANTIQUE SHOW FEBRUARY 17-21, 2012

Five of the leading interior design firms in the U.S. today have come together to create the beautiful Hope Designer Showcase. All recognized by Architectural Digest as being in the top AD 100 of their profession, these talented individuals have designed five

separate room settings placed together in a special area of the Show, featured as the Hope Designer Showcase.

Each designer has carefully selected items from more than 180 dealers at the Show. Each has chosen art, sculpture, decorative objects,

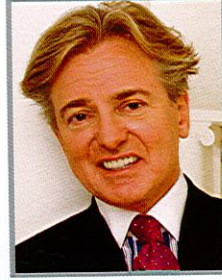

furniture and jewelry - from a vast range of antiquities to mid-twentieth century modern - to create individual room settings that show the audience how the products of creativity can enhance your environment and your life.

### FIVE DESIGN FIRMS, FIVE STYLES, FIVE DESIGN EXPERIENCES. HOW DID THIS SPECIAL COLLABORATION HAPPEN?

When Scott Diamant, President of the Palm Beach Jewelry, Art & Antique Show - already the largest and most successful antique show in the country - wanted a new and meaningful charity dimension to the Show, he thought of the Hope for Depression Research Foundation (HDRF). He had heard HDRF Founder and Chairman Audrey Gruss and leading neuroscientists speak at a Palm Beach HDRF Seminar. Scott Diamant was struck by the fact that over 32 million adults in the U.S. and hundreds of millions worldwide are struggling with depression. He was especially moved by the fact that the artistic and creative

communities have a significantly higher percentage of depression or related mood or emotional disorders. After all, the entire Show - from the artists, to their products, to the artistic presentation of the show - is all about creativity.

Scott Diamant invited HDRF to be the charity partner of the Show. Audrey Gruss had already formed an HDRF "Arts" Committee in recognition of this vulnerability in the creative arts - from Van Gogh to Jackson Pollock, Charles Dickens to Dominick Dunne. The well-known members of the Arts Committee give their time and talent to help bring attention

to the issue of depression. The members may not have experienced depression themselves, but they are aware of the devastation it can have on family, friends, and associates, since depression touches everyone - directly or indirectly. Audrey Gruss' first call was to Scott Snyder, a long-time friend and Palm Beach Chair of the HDRF Arts Committee. Scott Snyder invited four of the leading lights in the design field to join him and make the Hope Designer Showcase happen. See the exciting result at an Opening Night champagne reception on Friday, February 17th at the Palm Beach Jewelry, Art & Antique Show.
